

# **Rainbow Trail Lutheran Camp**

## ***Day Camp***

### **COVID-19 Vaccination Policy**

Updated March, 2022

Rainbow Trail Lutheran Camp's (RTL) mission is to create holy spaces that embody God's radical grace to affirm, empower, and transform all people to be Christ's light in the world. We welcome all and are committed to practices that enable opportunities for full participation in our programs and activities.

For the past two years, in response to the Covid-19 pandemic, RTL has been committed to health practices and strategies that allow for the safety of staff, volunteers, campers, and retreaters. We have been successful with these strategies and will continue to refine our strategies and practices as health requirements and mandates change. To that end, we are adopting the following policies regarding Covid-19 vaccinations, effective January, 2022.

**Rainbow Trail Lutheran Camp strongly encourages any person who is eligible, in consultation with their health provider, to receive the Covid-19 vaccination and obtain full vaccination as defined by the Center for Disease Control (CDC).**

By registering or volunteering for Day Camp, or serving as a host home, you agree to the following guidelines, regardless of vaccination status.

#### **STAFF**

**All RTL Staff sent to Day Camp will be vaccinated. For more information on the Staff Vaccination policy see RTL Vaccination Policy.**

#### **VOLUNTEERS**

All people serving as volunteers for a Day Camp who are fully vaccinated against Covid-19 will be required to:

- Provide proof of vaccination to Day Camp Coordinator

Volunteers, including high school volunteers, congregational leaders, and pastors who are not fully vaccinated against Covid-19 will be required to:

- Provide a negative antigen test taken no more than three (3) days prior to your Day Camp. Cost of this test is assumed by the volunteer.

Volunteers, regardless of vaccination status, **must report to RTL staff** if they experience any signs of Covid-19.

## **DAY CAMPERS**

Campers will be subject to vaccination requirements of the state of Colorado.

Campers will not be required to provide proof of vaccination or a negative antigen test.

All Campers, regardless of vaccination status, **must report to RTALC staff** if they experience any signs of Covid-19.

## **HOST FAMILIES**

All people serving as host families for Rainbow Trail staff must be fully vaccinated against Covid-19 and will be required to:

- **Provide proof of vaccination to Day Camp Coordinator**

***This is a living document and will be updated as conditions or requirements change.***

*RTLC monitors information from the CDC (Center for Disease Control), ACN (Association of Camp Nursing), ACA (American Camp Association), and LOM (Lutheran Outdoor Ministries). Based upon guidance and recommendations from these bodies, RTALC will adjust virus mitigation strategies as needed to ensure the safety of staff, volunteers, campers, and retreaters. If you have any questions About virus mitigation strategies employed by RTALC, please reach out to Maggie at [maggie@rainbowtrail.org](mailto:maggie@rainbowtrail.org).*
